

### **Make an Extraordinary Impact: Choose the Duke Lemur Center**

As Duke University's crown jewel, the Lemur Center provides exciting opportunities for your gift to the MADE FOR THIS campaign to create a lasting, meaningful impact. (Also, if you are not a Duke alumnus or alumna, you can still support us in these important ways!)

### **Multi-Year Pledge of Support**

Play a crucial role in our plans, extending beyond the immediate impact of your gifts. Options for pledges and donations include:

- **Unrestricted/General Operations Fund #397-7000** – most needed!
- **Animal Care and Wellbeing Fund #397-000010**
- **Madagascar Programs Fund #399-3638**
- **Internship and Student Programs Fund #399-000377**
- **DLC Museum of Natural History Fund #391-2061**

### **Director's Priorities for Major Gifts of \$5,000+**

Make a significant impact beyond annual operations support by choosing special opportunities found at [lemur.duke.edu/tigifts](http://lemur.duke.edu/tigifts)

- **Ultrasound machine** (\$37K *Top Priority!*)
- **Project vehicle in Madagascar** (\$50K)
- **New outdoor cameras** to monitor and record Aye-aye behavior (\$10K)

### **Named Endowments and Endowed Positions for the Lemur Center**

**Unrestricted endowments (\$100K+) are a top priority** as perpetual sources of funding for our operations. In addition, we are seeking endowed support for these key staff positions:

**Executive Director** (\$5.0M)

**Conservation Coordinator** (\$2.5M)

**Colony Curator** (\$2.5M)

**Fossils Curator** (\$2.5M)

**Curator of Behavioral Management and Welfare** (\$2.5M)

**Director of Research** (\$2.5M)

**Research Scientist** (\$2.5M)

**Senior Veterinarian** (\$2.5M)

### **Planned/Legacy Gifts**

Name the Duke Lemur Center as a beneficiary of your will, retirement plan, or life insurance policy. Visit our planned gifts page [lemur.duke.edu/legacy](http://lemur.duke.edu/legacy) to learn more.

### **Transformational Opportunities**

Transform the Duke Lemur Center's future through the creation of a new hub for learning and scientific discovery, exploring primate history, biodiversity, conservation, and research: a Named Discovery Center. A highlight of the exhibits will be the Lemur Center's rare and extensive collection of primate fossils. Learn more at [lemur.duke.edu/major](http://lemur.duke.edu/major)

**Questions?** Contact Mary Paisley, Duke Lemur Center Development Director, at [mary.paisley@duke.edu](mailto:mary.paisley@duke.edu) or (919) 401-7252.
