

Make an Extraordinary Impact: Choose the Duke Lemur Center

As Duke University's crown jewel, the Lemur Center provides exciting opportunities for your gift to the MADE FOR THIS campaign to create a lasting, meaningful impact. *Also, if you are not a Duke alumnus or alumna, you can still support us in these important ways!*

Multi-Year Pledge of Support

Play a crucial role in our plans, extending beyond the immediate impact of your gifts. Options for pledges and donations through the campaign and online at gifts.duke.edu/lemur include:

- **Unrestricted/General Operations Fund** #397-7000 – *most needed!*
- **Animal Care and Wellbeing Fund** #397-000010
- **Madagascar Programs Fund** #399-3638
- **Internship and Student Programs Fund** #399-000377
- **DLC Museum of Natural History Fund** #391-2061

Director's Priorities for Special Gifts of \$5K - \$100K

Make a significant impact beyond annual operations support by choosing special opportunities found at lemur.duke.edu/tigifts

Named Endowments and Endowed Positions for the Lemur Center

Unrestricted endowments (\$100K+) are a top priority as perpetual sources of funding for our operations. Explore endowment options at lemur.duke.edu/endowments, including named endowments to support these key staff positions:

- **Executive Director** (\$5.0M)
- **Conservation Coordinator** (\$2.5M)
- **Colony Curator** (\$2.5M)
- **Fossils Curator** (\$2.5M)
- **Curator of Behavioral Management and Welfare** (\$2.5M)
- **Director of Research** (\$2.5M)
- **Research Scientist** (\$2.5M)
- **Senior Veterinarian** (\$2.5M)

Planned/Legacy Gifts

Name the Duke Lemur Center as a beneficiary of your will, retirement plan, or life insurance policy. Visit our planned gifts page lemur.duke.edu/legacy to learn more.

Transformational Gifts and Naming Opportunities

Transform the Duke Lemur Center's future through a principal gift of \$10M+. Learn more about our priorities for major and principal gifts at lemur.duke.edu/major —including our hope for a Named Discovery Center, providing a hub for learning and scientific discovery, exploring primate history, biodiversity, conservation, research, and featuring our Museum of Natural History's rare and extensive collection of fossils.

Questions? Contact Mary Paisley, Duke Lemur Center Development Director, at mary.paisley@duke.edu or (919) 401-7252.
